

# On The Road Again Willie Nelson

D

On the [D] road again, just can't wait to get on the [F#7] road again  
The life I love is makin' [Em] music with my friends  
And [G] I can't wait to get on the [A7] road [D] again

On the [D] road again, goin' places that I've [F#7] never been  
Seein' things that I may [Em] never see again,  
And [G] I can't wait to get on the [A7] road [D] again

On the [G] road again, like a band of gypsies  
we go down the [D] highway  
We're the [G] best of friends,  
Insisting that the world be turnin' [D] our way

And [A7] our way, is on is on the [D] road again  
Just can't wait to get on the [F#7] road again  
The life I love is makin' [Em] music with my friends  
And [G] I can't wait to get on the [A7] road [D] again
